

International Conference on *New Horizons* In *Drugs, Devices & Diagnostics*

14-16 September 2023

Venue: NIPER Hyderabad & Kanha Shanti Vanam, Hyderabad

ORGANIZING COMMITTEE

Chairperson : Prof. Shailendra Saraf

NATIONAL ADVISORY COMMITTEE

Ms. S. Aparna

Secretary, Department of Pharmaceuticals
Ministry of Chemicals and Fertilizers (MoCF)

Dr. Satyanarayana Chava

Chairman, BoG,
NIPER-Hyderabad

Shri Rajneesh Tingal

Joint Secretary, Department of
Pharmaceuticals, MoCF

Prof. Shailendra Saraf

Director, NIPER Ahmedabad &
Director (Additional Charge), NIPER Hyderabad

Prof. Dulal Panda

Director, NIPER Mohali

Dr. USN Murty

Director, NIPER Guwahati

Prof. V. Ravichandiran

Director, NIPER Kolkata &
Director (Additional Charge), NIPER Hajipur

Prof. Shubhini A. Saraf

Director, NIPER Raebareli

About the Conference

The constant rise in challenges being faced in the medical & healthcare sector with the onset of COVID-19, like pandemics, the rise in communicable & non-communicable diseases, and the development of resistance towards various antibiotic/anticancer drugs have fuelled the need to focus on faster development of new medicines, vaccines, and technologies. The International Conference on New Horizons in Drugs, Devices & Diagnostics organized by NIPER-Hyderabad during 14-16 September 2023 is one such step towards understanding, deliberating, and chalking the way forward.

The conference provides a platform for discussing the current challenges and opportunities in Drug Discovery, Drug Development & Medical Diagnostics.

The conference will have sessions focused on the following themes

- ✓ Phytopharmaceuticals & Herbal Drugs: Current Scenario & Future prospects
- ✓ Tackling Antimicrobial Resistance
- ✓ Affordable Diagnostics: From Bench to Bedside
- ✓ Challenges & Opportunities in Drug Discovery: Success Stories from Lab to Clinic
- ✓ Emerging Nanotechnologies for Therapeutics
- ✓ Impact of AI/ML in Healthcare Research
- ✓ Biopharmaceuticals and Biosimilars: The need of the hour
- ✓ Green Technologies for API/KSMs: Steps towards Atmanirbhar Bharat
- ✓ Drug Development: Drug Substance to Drug Product
- ✓ Global & Indian Regulatory Scenario & Challenges

The conference will have participation from leaders in academia (national and international), industry, and policymakers. Each technical session will have keynote address followed by invited lectures.

Poster and Oral sessions will also be organized during the conference. Themes of presentations should be from within the following areas: a) Pharmacoinformatics b) Medicinal chemistry b) Process chemistry c) Natural Products and Traditional Medicine d) Pharmaceutical Analysis e) Pharmacology f) Toxicology g) Pharmaceutics g) Biotechnology h) Pharmacy Practice i) clinical research and k) medical devices and diagnostics

Abstract Submission:

Participants can present their original research work through oral and poster presentations. Only registered participants will be allowed to submit abstract.

Last date of online abstract submission on conference website is **31.08.2023**

Intimation of registration/abstract acceptance will be uploaded on conference website.

THE NATIONAL INSTITUTE OF PHARMACEUTICAL EDUCATION AND RESEARCH

(NIPER) is an Institute of National importance for Pharmaceutical Sciences and Management with a proclaimed objective of becoming a Centre of Excellence for Learning & Research. NIPER Hyderabad was established by the Department of Pharmaceuticals, Ministry of Chemicals & Fertilizers, Govt. of India through an amendment to the NIPER act 1998 in 2007 in the erstwhile R&D center of IDPL, Balanagar, Hyderabad - 500037. The Institute was declared as an Institute of National Importance through an amendment to NIPER Act in 2021. Ever since its inception, the Institute has been functioning with NIPER Hyderabad has been functioning with the objective of creating an environment congenial for synergizing academia, R&D & Industry through education and research. Through consistent efforts, it has transformed itself to be a world-class institute of teaching and research in pharmaceutical sciences and set up fruitful collaborations with various national and international organizations. The Institute has been ranked **01** in the **NIRF ranking** for the year **2023** in the Pharmacy category.

KANHA: THE FOREST OF PEACE: Kanha Shanti Vanam - Kanha is the epicenter of the Heartfulness Movement. Located on the outskirts of Hyderabad, Telangana, Kanha Shanti Vanam is an ecological paradise for spiritual retreats, where you can experience simple living in tune with inner and outer nature. In 2019, Kanha was awarded 'The Pride of Telangana,' for inner wellness, by Round Table India & Times of India. The center also received the Indian Green Building Council (IGBC) Platinum award in 2019 for following world-class environment-friendly practices becoming the first meditation center in the world to achieve the feat.

HYDERABAD: Apart from being the IT hub, Hyderabad is considered the capital of the bulk drug industry, with nearly one-third of India's total bulk drug production originating from this city. The cluster of pharmaceutical and biotechnology industries in Hyderabad contributes to a large share of the world's pharmaceutical production. There are many other historical and cultural places to visit in Hyderabad. A tour to Hyderabad is incomplete without a visit to Charminar, which was built in the year 1591 by Mohammed Quli Qutb Shah, who is referred to as the founder of Hyderabad. Golconda fort, tombs of the legendary Qutb Shahi kings, Chow Mohalla Palace, Birla Mandir, Salar Jung Museum, and Hussainsagar Lake which was excavated in 1562 A.D. by Hussain Shah Wali are some other tourist destinations in and around Hyderabad
